

**HELLO**

*Instructions  
for use...*

**Oral Healthcare Can't Wait™**

## Patient Recall Card

Review this reminder card carefully to note indicated areas that require your practice's unique information. Write in this information where noted, so that any instructional copy is omitted and only relevant practice details and your personal messages are displayed where indicated. Double check that your practice name and all other info is spelled correctly; you may ask a colleague to review.

Address card to appropriate patient.

Mail prior to appointment date and time indicated on front of card.
